

THE BIG PROJECT

Improving The Barony Theatre

The Barony Theatre is home to the Barony Players and has a long and illustrious history as an arts venue in Bo'ness. Help us preserve this unique theatre for the local community for many years to come by supporting 'The Big Project'.

A WORD FROM OUR PATRON DAVID HAYMAN

*Hello and welcome
to the Barony*

It's incredible to think that this beautiful little theatre is more than 60 years old. Now, despite the efforts of a team of dedicated volunteers, it needs extensive maintenance to protect it for the future. As proud patron of the Barony Players, I'm delighted to support 'The Big Project' to renovate and secure this fantastic venue for generations to come. And I'd love you to get involved too.

The theatre is an amazing resource for both the local community and the broader Scottish arts scene. So we need your help. From sponsoring a roof tile, to making a change to how you shop online, even donating the smallest amount can make a big difference. Please read on to find out more and hopefully you'll decide to help us with our fundraising challenge.

Thank you

THE BIG PROJECT

The Barony Theatre

The Barony Theatre has entertained local audiences for decades. An intimate venue, our 120 seat auditorium is consistently sold out and around 3,000 people come here every year to enjoy the latest productions and to watch classic films.

If we don't protect the theatre now, we'll lose it. That would be a sad loss to the community after such a long history as a local arts venue.

The immediate challenge

The Barony Theatre was last renovated way back in 1966. Despite the best efforts of volunteers, the building is now in desperate need of repair. A recent dilapidation report highlighted many areas in need of attention, including:

- the slate roof
- guttering
- areas of water damage and timber decay
- updating of some electrics
- replacement of some interior ceilings
- upgrading the old, inefficient heating system

Thinking big

As well as carrying out essential maintenance, we'd also like to take the opportunity to make bigger changes. This is a longer-term project, but we know that the building has the potential to be used for so much more.

Preliminary plans show what we can do to make the theatre accessible to all patrons. These plans include providing level access to the building via a new glass frontage and creating multi-purpose rooms for others to use. Going forward, we'd like to make the theatre a lively hub for arts and community groups alike.

How you can help

£200
